

**The Joseph A Vail Memorial Scholarship Fund**  
at the  
**UH Law Center Foundation**

At the time of his untimely death, Joseph A Vail was the Director and founder of the Immigration Clinic at the University of Houston Law Center. The clinic provides law student representation, with the guidance of dedicated and experienced staff attorneys, to indigent immigrants who would otherwise go unrepresented. In so doing, the clinic not only provides capable assistance to the indigent immigrant community, but valuable training for law students interested in immigration law.

As well, there are countless immigrant families who owe their happiness if not their lives to the dedicated work of the students and staff of the clinic.

In recognition of the communities high esteem for Joe, our admiration for the fantastic job he started at the UH Immigration Law Clinic, and our commitment to see this valuable work continue; the American Immigration Law Association & the Reina & Bates Immigration Law Group have made lead gifts to establish the Joseph A. Vail Memorial Scholarship fund.

We encourage and challenge our colleagues to contribute to this worthy cause. The endowed fund will provide scholarships to Law Center students.
